

Build It International Fundraising Complaints Policy

Build It International views complaints as an opportunity to learn and improve for the future, as well as a chance to put things right for the person [or organisation] that has made the complaint.

Our policy is:

- To provide a fair complaints procedure which is clear and easy to use for anyone wishing to make a complaint
- To publicise the existence of our complaints procedure so that people know how to contact us to make a complaint
- To make sure everyone at Build It International knows what to do if a complaint is received
- To make sure all complaints are investigated fairly and in a timely way.
- Complainants must log a complaint with Build It International first. If Build It do not respond within 4 weeks a complaint can then be logged with the Fundraising Regulator.

- To make sure that complaints are, wherever possible, resolved and that relationships are repaired
- To gather information which helps us to improve what we do

Resolving Complaints

Stage One

In many cases, a complaint is best resolved by the person responsible for the issue being complained about. If the complaint has been received by that person, they may be able to resolve it swiftly and should do so if possible and appropriate.

Whether or not the complaint has been resolved, the complaint information should be passed to Build It International's Chief Executive within one week.

On receiving the complaint, CEO records it in the complaints log. If it has not already been resolved, they delegate an appropriate person to investigate it and to take appropriate action.

If the complaint relates to a specific person, they should be informed and given a fair opportunity to respond.

Complaints should be acknowledged by the person handling the complaint within one week. The acknowledgement should say who is dealing with the complaint and when the person complaining can expect a reply. A copy of this complaints procedure should be attached.

Ideally complainants should receive a definitive reply within four weeks. If this is not possible because for example, an investigation has not been fully completed, a progress report should be sent with an indication of when a full reply will be given.

Whether the complaint is justified or not, the reply to the complainant should describe the action taken to investigate the complaint, the conclusions from the investigation, and any action taken as a result of the complaint.

Stage Two

If the complainant feels that the problem has not been satisfactorily resolved at Stage One, they can request that the complaint is reviewed at Board level. At this stage, the complaint will be passed to Build It International's Chair of Trustees or his delegate.

The request for Board level review should be acknowledged within one week of receiving it. The acknowledgement should say who will deal with the case and when the complainant can expect a reply.

The Chair of Trustees may investigate the facts of the case himself or delegate a suitably senior person to do so. This may involve reviewing the paperwork of the case and speaking with the person who dealt with the complaint at Stage One.

If the complaint relates to a specific person, they should be informed and given a further opportunity to respond.

The person who dealt with the original complaint at Stage One should be kept informed of what is happening.

Ideally complainants should receive a definitive reply within four weeks. If this is not possible because for example, an investigation has not been fully completed, a progress report should be sent with an indication of when a full reply will be given.

Whether the complaint is upheld or not, the reply to the complainant should describe the action taken to investigate the complaint, the conclusions from the investigation, and any action taken as a result of the complaint.

The decision taken at this stage is final, unless the Board decides it is appropriate to seek external assistance with resolution.

External Stage

The complainant can complain to the Charity Commission at any stage.

Information about the kind of complaints the Commission can involve itself in can be found on their website at: www.charitycommission.gov.uk/publications/cc47.aspx

Variation of the Complaints Procedure

The Board may vary the procedure for good reason. This may be necessary to avoid a conflict of interest, for example, a complaint about the Chair should not also have the Chair as the person leading a Stage Two review.

Monitoring and Learning from Complaints

Complaints are reviewed annually to identify any trends which may indicate a need to take further action.
