

Cycle to Victoria Falls

Duration: 8 days

Zambia is a wonderfully diverse country with spectacular natural beauty and a friendly culture. Source of the mighty Zambezi River, Zambia's most famous and spectacular feature is the magnificent Victoria Falls, one of the largest waterfalls in the world, named in 1855 by Dr Livingstone for Queen Victoria and abbreviated affectionately to Vic Falls.

Our adventurous cycle challenge takes us on- and off-road through the friendly towns and villages of rural southern Zambia, passing farmland and sugar cane plantations, spotting wildlife, and enjoying the everyday scenes of untouched Zambian village life.

DETAILED ITINERARY

Day 1: Meet Lusaka

Meet at the Hotel North of Lusaka and close to the Build It International HQ. We have time for a bike fitting before dinner and a trip briefing. Night hotel.

(dinner included)

Drive approx. 1 hour

Day 2: Build It International HQ – Mazabuka

An early and short drive takes us to the Build It International HQ, the start point of our adventurous cycle challenge. Our first day gives us a great introduction to this beautiful country, as well as stopping off at some of the projects supported by the Charity. We ride on a mix of tar roads and good dirt roads, passing local villages and baobab trees. A transfer takes us to Mazabuka and our stop for the night. Night camp.

Drive approx. 3 hours; cycle approx. 35km

Day 3: Mazabuka – Monze

A challenging but fantastic day of cycling through real rural Africa! The first 20km provide a great warm-up on tarred road, then we head into more adventurous terrain by taking to off-road tracks that wind between friendly Zambian villages. From good dirt roads to sandy tracks, it's challenging cycling but a very rewarding day which allows us to witness countless scenes of life in the

DETAILED ITINERARY (cont.)

subsistence farming villages we pass. The area is known for its agriculture, especially maize. We camp overnight on private farmland near the small town of Monze. Night camp.

Cycle approx. 80-90km

Day 4: Monze – Choma

Back on tarmac roads again, this is a longer day but on less challenging terrain! We head towards Choma, a friendly market town lying more than halfway along the main road to Livingstone. We pass more small villages many selling arts and crafts, and cross the railway line into Choma. Night camp.

Cycle approx. 75-110km

Day 5: Choma – Kalomo

An early start gives us time to transfer back up to Choma, where another fantastic day of off-road cycling awaits us. We pass through rural communities untouched by tourism – a rare insight into rural life here in southern Zambia and a real highlight of our African adventure. Many people rely on bicycles for transport, and we will generate lots of friendly interest! Our dirt roads are generally good, though there are some sandy sections which are more challenging. Night guesthouse.

Cycle approx. 80km

Day 6: Kalomo - Livingstone

Our last day, and the thought of the incredible Victoria Falls spurs us on! We start with a short transfer, then cycle on wellsurfaced tarred roads, passing small communities and enjoying the scenery and the camaraderie of our last day's biking in Africa. It's a long day, but we eventually come to Livingstone and cycle through it – and on to the Zambezi, and Victoria Falls. Around 2km wide and plunging down over 100m, the Falls – known as 'the smoke that thunders' – are truly spectacular. We stop at a wonderful viewing spot on the banks of the Zambezi approximately 1km before the boarder. We then take a vehicle

CHALLENGE GRADING

Trips are graded Yellow, Orange or Red, in increasing level of challenge. This trek lies within the **Orange** range.

The grade is determined by factors such as terrain, distance, climate, altitude, etc. Each colour grade has a **spectrum** which reflects the difficulty of these factors; trip duration, accommodation and living conditions are also taken into account.

The Challenge Factor icon shows the most challenging aspect – the heat, which makes the long days in the saddle feel tougher.

The grade reflects the overall trip; some sections will feel more challenging than others. Unusual weather conditions also have a significant impact, and not all people are tested by the same aspects.

DETAILED ITINERARY (cont.)

transfer to our accommodation. A wonderful sunset cruise on the Zambezi then sets the scene for our evening of celebrations.
Night safari lodge.

Cycle approx. 40-60km

Day 7: Livingstone/Vic Falls

Depending on your flight schedules, there may be some free time before transferring to the airport for your return flight
(Breakfast included)

Day 8: Arrive UK

Discover Adventure reserves the right to change the route or itinerary for safety reasons should local conditions dictate.
